GAZZOLA PAVING LIMITED

Employee Code of Conduct Policy

The following statements are warning signs that you are on ethical thin ice:

- “Well, maybe just this once. . .”
- “No one will ever know.”
- “It doesn’t matter how it gets done as long as it gets done.”
- “It sounds too good to be true.”
- “Everyone does it.”
- “Shred that document.”
- “We can hide it.”
- “No one will get hurt.”
- “What’s in it for me?”
- “This will destroy the competition.”
- “We didn’t have this conversation.”
- “This is a ‘non-meeting’.”

You can probably think of many more phrases that raise warning flags. If you find yourself using any of these expressions, stop, think and ask yourself, “Am I acting ethically?”

When confronted with a situation which raises a concern, ask yourself:

- Are my actions legal?
- Am I being fair and honest?
- Will my actions stand the test of time?
- How will I feel about myself afterwards?
- Would I think that others were acting unethically if they acted this way?
- How would it look in the newspaper?
- Will I sleep soundly tonight?
- What would I tell my child to do?
- How would I feel if my family, friends and neighbors knew what I was doing?

Promote a Positive and Ethical Work Environment

We will provide a positive and ethical work environment that supports doing what is right, respecting others, and performing with high standards. We must be careful in our words and our conduct to avoid placing, or seeming to place, pressure on others that could cause them to deviate from acceptable ethical behavior. While all of us must contribute to the creation and maintenance of such an environment, our executives and management personnel assume special responsibility for fostering a positive and ethical work environment
